- *"The teachers are supportive to the pupils in the best possible way"*
- *"The school community is the right size for the individual needs of each child to be nurtured and encouraged"*
- *"Six of our children received their primary education at Kilshanny School. Small classes and high levels of attention were paramount in our decision. In Kilshanny none of them were ever found wanting for equal measures of care, empathy and left it equipped with a high level of knowledge in all subjects. Not only did our children receive an excellent education there, but also acquired a strong sense of core values to develop their sense of integrity, which has helped them become the focused, compassionate adults that they are today. They are proud to call Kilshanny their school and so are we"*
